

Our Mission Statement

To know Christ to make Him known while pursuing academic excellence in all areas of education to the glory of God.

The Philosophy of Abiding Savior Lutheran School

Abiding Savior Lutheran School, a ministry of Abiding Savior Lutheran Church, is dedicated to helping the family nurture the whole child to follow Jesus' example to "Grow in wisdom and stature, and in favor with God and man." (Luke 2:52)

We believe that the home serves as the best environment for a child to be nurtured and trained. Our Christian day school is the primary agency within the church to assist and help parents accomplish this important responsibility.

The school helps the family by designing an academic atmosphere that encourages the child's spiritual, intellectual, social and physical growth by:

- Teaching God's word as revealed in Holy Scripture and the Lutheran Confessions.
- Providing Bible study, prayer, and chapel worship on a daily/weekly basis.
- Encouraging all families to attend worship and Bible study regularly.
- Integrating the faith in all subjects.
- Demonstrating the love and forgiveness of Jesus Christ in instruction and discipline.
- Providing for the personal, professional, and spiritual growth of faculty and staff members to serve as adult Christian role models in addition to the family.
- Offering a professional staff as a resource to the family.

- Pursuing academic excellence in all areas of education to the glory of God.
- Caring for the mind and body emotionally, spiritually, physically and aesthetically thru participation in physical education, health, sports, the fine arts, and music.
- Encouraging Christ-like behavior towards others in every aspect of life.
- Identifying and developing the child's God-given talents to minister to others.
- Developing the child's character to be a productive, high integrity member of the community with dedication to serving God by loving others.

These goals, we believe, are best fulfilled when the home and school work together in mutual cooperation and support of each other.

Vision Statement

ASLS exists to send each child into life fully equipped spiritually, intellectually, socially and physically to serve the Triune God. Like a drop of water rippling out in concentric circles, the child is prepared to be a "Christ Light" in the lives of family, church family, community, and the world.
